

Hunter Valley Traditional Archers

Andrew Spiechowicz Memorial Charity Shoot

5th-6th October 2019

LOVE BiTES

This year the Hunter Valley Traditional Archers will be raising money for Love Bites. Love Bites is a primary prevention program coordinated by the National Association for Prevention of Child Abuse and Neglect which educates young people aged 14-16 year olds about respectful relationships and works to reduce relationship violence.

The Hunter Love Bites committee was formed in 2009 in response to statistics showing the region has an above average domestic violence rate. The program is coordinated with local hunter schools.

100% of the money raised will be used in supporting students in creating artworks, songs and drama skits which are then used in local awareness raising campaigns.

Adults \$30 Cubs/Juniors \$20 Family \$70
